

RYA PWC Instructor Course

Duration - 3 days

Pre-requisites - RYA PWC certificate of competence, RYA First Aid. * RYA Powerboat level 2

** VHF radio , theory knowledge to level of day skipper theory

Minimum of one full season or two seasons part time PWC riding experience.

Suggested pre-reading:

RYA practical course notes handbook.

RYA powerboat instructor handbook.

RYA introduction to personal watercraft

* It is not a pre-requisite to hold the powerboat level 2 certificate, but it is strongly recommended as the course syllabus covers the use of small ribs / powerboats as a teaching platform and indeed is used by many schools as their preferred teaching platform, thus requiring their instructors to hold a powerboat level 2 certificate as a minimum.

** The VHF radio licence again is not a pre-requisite but as communications are priority for ensuring the safety of your class most schools will require you to hold a vhf radio licence showing your competency in their use.

Aim of Course

The three day course is designed to take your existing PWC skills and build onto them instructional techniques for the safe and accurate delivery of the PWC Proficiency course. Whilst being coached on instructional techniques, your instructor will constantly assess your ability enabling them to highlight any areas of weakness for extra focus during the course.

Course Content Syllabus - Practical

Teaching techniques/styles.

Practice powerboat handling & teaching.

Communication skills.

Creating a useful course model.

Practical instruction techniques.

Teaching sessions within the RYA PWC competency course syllabus.
